A Vision for You

Keeping sober is the most important think in my life, the most important decision I never made was the decision to give up drinking. I am convinced that my hold life on not taking that fist drink. Nothing in the word is as important to me as my own sobriety, everything I have, my whole life depend on that one thing.

Alcoholics Anonymous.

Can be super tough when you're stationed far from home, on the battlefield or living in tight quarters on a ship with hard-drinking soldiers. How do you find AA meetings on a military base? How do sober soldiers deal with anonymity. This month, we feature stories of experience, strength and hope from our brave AA members in uniform.

Brochure explained : AA for the older alcoholic

Eight alcoholics share their stories of finding recovery in Alcoholics Anonymous after the age of 60. Far from feeling that their lives are over, these men and women express that, having come to A.A., it is time to start living. Large-print format suitable for those with low vision.

The turning point for the people whose stories appear in this pamphlet came when they finally decided to face the problem — looked at it squarely and became willing to do something about it. The decision to ask for help was the all-important decision, one that nobody else could make. But once it was made, the hand of Alcoholics Anonymous was there, reaching out.
